

International Max Planck Research School

Quantum Science and Technology

Call for Applications 2021

IMPRS for Quantum Science & Technology

The International Max Planck Research School for Quantum Science and Technology is opening **new PhD positions in fall 2021!**

The IMPRS, based in Munich, is a joint program of the **Max Planck Institute of Quantum Optics**, the **Ludwig-Maximilians-Universität München** and the **Technical University of Munich**.

It offers an excellent and coherent graduate program across the fields of **atomic physics, quantum optics, solid-state physics, material science, quantum information theory**, and **quantum many-body systems**. It also includes soft skills courses, industry contact, and an international and interdisciplinary environment in strong exchange with partner programs.

The IMPRS-QST is closely connected to the Cluster of Excellence **Munich Center for Quantum Science and Technology (MCQST)**.

The IMPRS-QST is committed to recruiting **extraordinary** students from diverse backgrounds. We explicitly encourage **female candidates** to apply and welcome students from **all countries!**

Applicants must have a Master's degree (or equivalent) before September 2021. **Deadline for application is March 1st, 2021.**

All PhD positions are funded and there are **no tuition fees**.
